

# De Zoeker

Dear parents/guardians),

To share the news from our school with you, we use an app: The Searcher/- Schoolpraat app. In this app we use a personal account so that our information only reaches the people it belongs to. Through this personal account you are automatically logged in for your child(ren) for now and for all future years.

On the next page you will find a short step-by-step plan to install the app and then create an account and log in.

Team De Zoeker

**Step 1:** Downloading the app;

**Step 2:** Logging in when the app is installed;

**Step 3:** Accept activation email;

**Step 4:** Log in with your email and password

### Step 1: downloading the app

#### Android device:

For Android (including Samsung), go to the **Play Store** at  and type **OBS The Finder** in the search bar at the top and download the app.

#### iPad:

For iPad (Apple) go to the **App Store**,  type **Zaan Primair** and download the app.

**Set the filter to: 'iPhone only'!**

**Open the app** after it finishes downloading.

For iPhone: When the download is finished, open it. Search the list of schools and search for OBS Dezoeker.

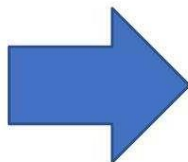

The app then opens on the school's homepage and **steps 2** follow. This is because you can receive group messages in this way.

### Step 2.1

When you open the app on your phone, you will see this screen.

You must first click on > Create account.

First of all, you will be asked for the email address where you are known to the school.

### Step 2.2

You will now see a new screen where you can create an account.

After entering your details, click at the bottom right  
> Create account

It is important that you save your password somewhere. We cannot reset this for you.

### Step 3:

You will now receive an activation email in your own mailInbox. (If you have not received an email, please check your spam email.)

Click on > Activate in the email. You will then immediately receive a notification whether your address is on the whitelist.
